Our Mission

We seek to offer a healing and teaching ministry where students are empowered to deliver high-quality healthcare services rooted in science and compassion.

Our Vision

To be a God-honoring institution, committed to excellence and quality education, raising mission-focused professionals who address the healthcare needs of their communities.

DIPLOMA PROGRAMS

Equipping the Next Generation of Healthcare Professionals with a Heart to Serve

Galilee Health Institute is a faith-driven health training institution under RUN Foundation Uganda, committed to developing competent, ethical, and service-oriented healthcare professionals. Our diploma programs combine strong academic foundations, hands-on practical training, and a mindset of compassion and community service.

All diploma programs run for three (3) years and are designed to meet national and community health needs while preparing graduates for employment and further academic progression.

ENTRY REQUIREMENTS

Applicants must meet the following:

Uganda Advanced Certificate of Education (UACE): At least one (1) Principal Pass in Biology and two (2) subsidiary passes in Chemistry, Mathematics, or Physics.
